HOMES WANTED!

We're just some sweet collies looking for a loving family to call our own!

Read our stories by visiting:

www.savecollies.org or call:(703)579-9931

Collies who find their way into our rescue are given the veterinary care needed to get to a healthy state. They are examined by a veterinarian, vaccinated, heartworm tested, microchipped, and spay/neutered. Then they are placed in foster homes where they are evaluated in order to find the best home for them. We provide heartworm medication and parasite prevention until they can be placed. Our foster homes provide lots of love!
